## HOUSE DEFEATS WOMAN SUFFRAGE

### Vote 62 to 22 Against Susan B. Anthony Amendment

### HAD LOST IN SENATE

**Senator Mapp of Accomac Will Introduce a Bill For Presidential Suffrage For Women.**

Richmond, Va., Feb. 13.—Woman suffrage was defeated in Virginia yesterday afternoon when the house of delegates adopted by a vote of 62 to 22 the Leedy resolution rejecting the Susan B. Anthony amendment to the Federal Constitution. The State senate, by a vote of 24 to 10, had previously adopted the resolution which was offered by Col. Robert F. Leedy, of Luray. The debate on the resolution in the house yesterday lasted less than two hours.

While the Anthony amendment has been rejected by Virginia, a bill for presidential suffrage for women has been prepared and will be introduced in the general assembly by Senator Walter Mapp, of Accomac. Senator Mapp contends that this bill could be passed without any amendment to the State constitution. A bill referring the question of woman suffrage to the people is already pending in the State senate. Senator J. E. West, of Suffolk, is the patron of this measure.

A bill was yesterday presented in the house of delegates by Samuel B. Rodgers, of Petersburg, amending section 4497 of the State code to make provision that any executive, legislative or judicial officer accepting a bribe may be prosecuted.

Under the old law the statute did not apply to police officers. The bill is understood, is a direct result of the recent police investigation in Petersburg.

Senator Charles U. Gravatt's bill for party registration, aimed to prevent Republicans and Socialists from voting in Democratic primaries, reported by the committee on privileges and elections with the recommendation that it do not pass, was taken up and passed, 19 to 12, in the state senate yesterday afternoon.

### THROWS MONEY AWAY

**Treasurer of Hosiery Company Gives Unique Demonstration**

Northampton, Mass., Feb. 13.—Silver and gold were thrown away here Wednesday to illustrate a talk on the waste represented by the alleged carelessness among factory workers. The treasurer of a hosiery company told the operatives that in a week 11,760 needles worth 1-2 cents each, had been lost.

The effect was the same, he said, if $147 were thrown from the top window, whereupon the treasurer took from his desk a pile of 147 silver dollars and tossed them out of the window.

Silk scattered under foot was as much destroyed as if thrown away he added. Estimating teh amount of loss from this cause last week at $50, he tossed gold coins among the workers.

Some listened to the treasurer's later remarks, others scrambled for the gold, while many rushed out of doors to search for the silver in the snow.

### ADVOCATES RUSSIAN INQUIRY

London, Feb. 13.—Lord Robert Cecil proposed in the House of Commons yesterday that the league of nations send two international commissions to Russia to ascertain exact conditions and to fix provisional boundaries of border states.

Arthur J. Balfour, lord president of the council, said he feared Lord Robert's suggestion would not result in a new heaven on earth in Russia He also denied that the government was encouraging Poland in a policy of adventure.

Premier Lloyd George told the House of Commons that he hoped to introduce the Irish Home Rule bill in the House next week.

### GERMANY HAS ARMY OF 400,000

**In Addition There Are 100,000 Policing Forces and Officers General Niessel Reports**

Paris, Feb. 13.—The German army is still 400,000 strong, according to a report received by the Committee of Foreign Affairs yesterday from General Niessel, head of the Baltic mission. In addition there are 100,000 policing forces, officers and noncommissioned officers. Germany also is well supplied with tanks, machine guns and airplanes. In the neutral zone alone on the right bank of the Rhine the policing forces number 15,000.

General Niessel adds that the German Minister of Defense, Noske, is in the hands of the general staff, and that the German government is capable, if willing, of obtaining execution of the treaty clauses by the country.

### ORDERED HOME WITH WIVES

**250 U. S. Soldeirs in Germany Affected by Ruling**

Two hundred and fifty soldiers of the American forces in Germany who have married European girls have been instructed to start soon for been instructed to start [illegible] for America with their wives, in accordance with a recent order of Major-General Henry T. Allen, in command.

In connection with this order it also was announced that army authorities would not consent in future to marriages of American soldiers on duty in the occupied area, officers contending that men without wives in Germany are better soldiers under the present circumstances.

About 200 soldiers have married German girls since the American forces reached the Rhine, the others included in the order having married principally French girls or young women from Belgium or Luxembourg.

### RATIFIED IN ARIZONA

**Lower Branch of Legislature in Virginia Rejects Resolution Favoring Vote for Women**

Phoenix, Ariz., Feb. 13.—Under suspended rules the House of Representatives of the Arizona Legislature yesterday unanimously adopted a resolution ratifying the Woman Suffrage Amendment to the National Constitution.

### PAYING U. S. IN GOLD

**Chamberlain Admits Owners of Plate May be Asked to Surrender it**

London, Feb. 13.—The question was raised in the House of Commons today whether the government had under consideration the suggestion of Carter Glass, former Secretary of the Treasury, that the United States be paid her international debts in gold. It was asked whether, in order to help meet this request, the British owners of ornamental gold, such as trinkets and plate, would be invited to hand them to the Treasury in return for interest-bearing bonds and thereby assist the position of exchange between England and America.

To these questions Austen Chamberlain, the Chancellor of the Exchequer, replied that he had taken steps to have the proposals indicated carefully examined.

Premier Lloyd George was asked by a member whether he could see a way to enforce a drastic reduction in the importation of luxuries. The Premier replied that the government was not in a position to enforce any restrictions upon importations of foreign goods. He said less than 2 per cent of the imports from America were of articles of luxury.

### HAVE BLACK LUNGS

**Black Atmosphere Accounts for Lack of Energy**

London, Feb. 13.—Professor Pickerton, president of the London Astronomical Society, startled an audience the other day by telling his hearers "you nave black lungs."

"Black lungs," he said, 'are due to your living in London and the only cure is to live in the country and breathe pure air. London's 'black' atmosphere accounts for the apparent lack of energy on the part of so many Londoners."

## WOULD REDISTRICT THE OLD DOMINION

### Ad Interim Commission Appointed to Draft Bill

### WILL EXPEDITE WORK

**Constitutional Provisions Require Work to be Performed in State Every Ten Years.**

Richmond, Feb. 13.—With the idea of expediting the work of the General Assembly in 1922, the Senate yesterday adopted a resolution providing for the appointment of an ad interim commission to draft a redistricting bill which, it is proposed, will form the basis for carrying out the constitutional provisions requiring a redistricting of the State every ten years. The resolution was passed, 20 to 13, after a strong effort had been made to prevent the move.

Senators Mapp and West led the fight against the resolution, the former declaring his opposition to any form of redistricting that would allow the cities to dominate or control the policies of the State. He stated that he would contest any plan whereby the cities would get increased representation by redistricting with adjoining or adjacent counties under the influence of the cities.

Along the same line Senator West said that he would not be one to surrender the advantage now held by the rural districts. He strongly opposed the appointment of the ad interim commission on the ground that the bill would be drafted by men who, in all probabilities, may not be re-elected to the General Assembly next year.

The resolution, which is a joint measure, was reported out with the recommendation that the proposed commission be composed of seven instead of five men. On motion of Senator Rison, the Senate adopted a motion to increase the commission to nine, with five from the House and four from the Senate. A motion to have the commission composed of men from all sections of the State was lost, it being the consensus of opinion that the appointments be left to the Speaker of the House and President of the Senate. A motion by Senator Robertson that the commission serve without pay also was defeated.

Senator Julien Gunn, of Henrico made a strong plea for the appointment of the commission. He said that he hoped the Senate would begin to fulfill its oath by redistricting the State in 1922. The proposed commission, he stated, would have an opportunity to study the government census, draw up a report, have it printed and distributed in time for every member of the new General Assembly to study it and make up his mind before the session started.

### LEAGUE OF WOMEN OPPOSED

**Menace, He Says of the Plan That Would Keep Them Out of Political Parties**

St. Louis, Feb. 13.— Eulogizing Abraham Lincoln, Will H. Hayes, chairman of the Republican Committee, pleaded for "Patriotism in peace" at the banquet of young Republicans of Missouri here last night.

"I am against the league of women voters," declared Mr. Hays. "The plan of a citizenship school is splendid and its purpose in that direction is fine. So far as the league keeps women out of political parties that function in the government of the countries, is a menace.

"I do hope the league is not allowed to keep the women from taking a definite stand in politics. You made this fight for suffrage for the purpose of getting sex out of politics but if you insist on this self-imposed limitation you fail to accomplish your purpose."

## SPORTS

Tonight, the feature basketball attraction of the season is on tap for local fans as the Dreadnoughts and Lyceums are scheduled to lock horns at the Armory Hall in a City Basketball League contest, the referee's whistle being booked to start the affair at 8.15 sharp.

Both Manager Wenzel of the Dreadnoughts and Manager Wheatley of the Lyceums will more than likely be forced to start the game without the services of a least one of their regulars. The Dreadnoughts will be minus Tony Crilly, star forward, while Kemp Cockrell of the Lyceums is still in bed, although he is now out of danger. Frank Cockrell is another Lyceum man who will not be in the melee tonight.

Each team will make every effort to land tonights contest, for a victory for the Lyceums will send them into first place in the league race.

Ropes will be stretched across the hall, and spectators are requested to come early to obtain advantageous positions.

War Risk's snappy basketball team defeated the American Legion five last night at the Armory in a ripping contest, 36 to 16. The visitors outplayed the local aggregation throughout, although Manager Champion boys fought hard all the way The superior passing, and teamwork of the visitors was too big a handicap to the ex-soldiers, sailors and marines.

Hinken, Hoy, Hassen, Hayden, Minnigh and Creegan did the scoring for the locals, while Geisler and Atherton featured for the visitors.

The Lyceum Juniors met defeat at the hand of the High School Third team last night at the Lyceum, 12 to 11, the game being hard fought throughout. This makes the second meeting between these clubs. Dysor and Myers starred for the winners.

Saturday night a double header will be staged in the Armory, the Dreadnoughts meeting the Treasury Department team and the Virginia playing the Y. M. C. A. Yankees the team which defeated the Dreadnoughts two weeks ago.

The Destroyer A. C, was organized last night at the Community Center with Leon Cornell as President, James Faulkner, vice president, James Lash, secretary; Elmer Smith, treasurer; James Foulkner, captain of basketball and Elmer Smith manager of basketball. They plan a baseball team for the coming summer, and will take part in all sporting events in this vicinity.

The Victor Athletic Club was defeated last night by the Brothers School in a basketball team played at the Lyceum the score being 20 to 19 The Victor team will meet the Dare Devils Monday night at the Lyceum Hall.

### RESULT OF SCHLESWIG VOTE

**Plebiscite in Second Zone to Determine German-Danish Frontier, Set for March 14**

Copenhagen, Feb. 13.—The plebiscite in the second zone of Slesvig, provided for under the treaty of Versailles, to determine the German Danish frontier, will be held March 14, it was announced yesterday.

The wish of the inhabitants of the first zone, as expressed in Tuesday's plebiscite, to be reunited to Denmark occasioned enthusiastic demonstrations in this country. King Christian formally welcomed his "returning compatriots," in a speech before the Council of State.

Berlin newspapers received here charge that the conditions surrounding the voting were unfair. The returns, says "Vorwaerts," demonstrate the injustice of the bloc system. The "Lokal-Anzeiger," says the Danes have every reason to be jubilant, their wishes being fulfilled without their having moved a finger.

The "Tageblatt" thinks that the Danish jubilation is possibly premature. "It is far easier to annex 6,000 Germans than to assimilate them," the newspaper says. The "Zeitung Ammittag" charges the French with deliberately molesting Germans who were attempting to enter the voting booths.

## DR. CHAS. T. LINDSAY DIES AT HIS HOME

### Practicing Dentist for Many Years In Washington

### WAS ILL TWO MONTHS

**Was Prominent in Masonic Circles in Washington—Funeral Services Will be Held at 3 p. m., Monday**

Dr. Charles T. Lindsey, fifty eight years old, died at 11.30 o'clock last night at his residence 113 South Columbus street. The deceased had been in failing health for some time past, and for the past two months had been confined to his bed.

Dr. Lindsey was a well known dentist and had offices in the Potomac Bank Building Washington. He was prominent in Masonic circles in Washington and this city.

He was born at Bridgewater, Rockingham county, Va., and had been a resident of Alexandria for the past twenty-two years.

The deceased graduated in dentistry when a young man at the Maryland Dental College, Baltimore. Dr. Lindsey soon thereafter took up his practice in Washington. He is survived by his wife, who was a Miss Eva Grigg, of this city.

Dr. Lindsey's funeral will take place at 3 p. m., Monday afternoon from his late residence. Services will be conducted by Rev. Dr. John Lee Allison, pastor of the Second Presbyterian Church and Rev. Dr. W. J. Morton, rector of Christ P. E. Church The burial will be in Christ Church cemetery and will be with Masonic honors, being under the direction of Potomac Lodge of Masons of Washington.

The deceased was past master of Potomac Lodge of Washington, past high priest of Potomac Chapter of Washington, past commander of Potomac Commandery, past grand commander of the Knights Templar of the District of Columbia, a member of the Scottish Rite Masons of Washington and an honorary member of Alexandria-Washington Lodge of Masons, Andrew Jackson Lodge of Masons, and Old Dominion Commandery, Knights Templar, this city.

### REJECT GERMAN PLEA

**Allied Supreme Council Insists on Extradition Demand**

London, Feb. 13.—The allied supreme council yesterday after discussing the situation arising from Germany's violent protest over the extradition demands agreed on the question of insisting upon those demands, it was stated last night.

It had been reported that there were differences between France and Great Britain as to whether the demands should be modified.

It is probable that the position of the allies will be set forth soon in a statement. This may take the form of another communication to Germany, or possibly one to Holland. As far as can be ascertained, however, nothing definite has been decided regarding any further steps to be taken toward Holland.

### FUNERAL OF MRS. RAMMEL

The funeral of Mrs. Augusta M. Rammel who died Wednesday at Montreat, N. C., took place at 9:30 o'clock this morning from St. Mary's Catholic Church. The services were conducted by Rev. Louis Smet, pastor, assisted by Rev. L. F. Kelly, assistant pastor. The floral offerings were handsome and numerous.

The pallbearers were Capt. W. H. Sweeney, Thomas E. Dyson, Leo P. Harlow, Robert P. Whitestone, Carroll Woolf and Joseph West. The body was temporarily placed in the receiving vault in St. Mary's cemetery and will be subsequently buried in the family lot in that cemetery.

### W. H. WHITTAKER DIES

William H. Whittaker, who established at Occoquan, Va., in 1910, the first workhouse operated on the honor plan, died Tuesday at Indianapolis, Ind., in his 59 year and was buried there yesterday. He is survived by his wife, a son, Ralph, and a sister, Mrs. J. M. Colson, of Washington. Whittaker terminated his work at Occoquan, in March 1918, and went to Indianapolis. The deceased at one time operated the Hotels Belvoir and Humphreys in Alexandria.

### DEATH OF R. F. COCKRELL

Reuben Frank Cockrell, who was employed as a policeman at the plant of the Virginia Shipbuilding Corporation, died at 11 o'clock last night at his residence, 505 Prince street, following a two weeks' illness of pneumonia. He is survived by his wife, Mrs. Cora Lee Cockrell, and five sons and five daughters as follows: Shirley, Kemp, Frank Jr., Thomas, Edward Cockrell, Mrs. Entwisle, Mrs. Harrington, Mrs. Zinnerman, Mrs. Koch and Miss Isabella Cockrell.

The funeral arrangements have not yet been completed.

### FOOD COSTS TUMBLING

**Eggs, Butter, Poultry, Flour, and Potatoes Hit Price Toboggan**

Chicago, Feb. 13.—The high cost of living is actually on the downward trend.

Prices of eggs, butter and poultry are going lower weekly, price comparisons secured today show.

And flour also is coming down—so markedly that the return of the ten-cent loaf of bread in the not too distant future was predicted today.

A fifty-cent drop on a barrel of flour was recorded today in the wholesale market, carload lots selling for $12.50 instead of $13.00.

Eggs that retailed today at from 60 to 62 cents a dozen were selling a few weeks ago at $1 or over. Butter which last December sold at 75 cents a pound, is today quoted at 66 to 70 cents, while the wholesale prices of spuds per hundred pounds is now from $4.65 to $4.85, as against $5.25 to $5.75 two weeks ago.

The bottom has not been reached on these commodities, dealers declared today. Fifty cents butter is predicted within two weeks.

### NEWSPAPERS CRIPPLED

**No News or Advertisements Printed Following Strike of Union Printers**

New Haven, Conn., Feb. 13.—No news or advertisements were printed in the three New Haven newspapers yesterday. The Register went to press with four pages, three of them blank and the front page bearing this notice:

"Owing to the violation by the typographical union of its contract with the New Haven newspapers and refusal to work on all the papers as ordered by its international officers the four New Haven newspapers announce their temporary suspension today."

The other papers are the Times-Leader, Union and Journal Courier.

The Leader's edition was similar to that of the Register, with a like notice to its readers, while the Union used only a single sheet for the notice.

There was no issue of the New Haven Journal-Courier today. It ran a four-page edition with an announcement similar to that in the Register blank.

Contractors bonds. Carver and Callahan, 127 North Fairfax street. 26-tr.

### FORCE NECESSARY

**Labor's Policy of Supporting no One Party Declared Destructive**

Ithaca, N. Y., Feb. 13.—The American Government is compelled "in self protection" to use its "physical power" against the radicals who "seek to overthrow our government by violence," President Schurman, of Cornell University, principal speaker on today's "Farmers' Events Week" programme, declared in his address. The Socialists, he added, have lost their right to present their policy and programme to the American people because "Socialism has given birth to Communism, the International and other revolutionary parties who seek to destroy our government by force and intimidation."

"The attempt of certain groups" to exploit the American people for "their own exclusive class advantage" is responsible for the "crisis in the United States today," President Schurman said. Government cannot be maintained, he added, by "setting up class differences, so let us be done with all this nonsense of permitting one group, be it called millionsire or proletarian or labor, to dominate and exploit 100,000,000 American people."

### FORMER KAISER ANGRY

The Hague, Feb. 13.—It is declared in reliable quarters that former Crown Prince Frederick William was serious in making his offer to the Entente governments to surrender himself in place of the Germans on the extradition list and that he is inclined to believe that the Allies will accept his plan.

It is learned here that former Emperor William is strong in his disapproval of his son's action.

Nothing was known at Wieringen of the ex-Crown Prince's intentions before his messages to the heads of the various governments had been dispatched.

There are persistent reports that the Grand Duke of Hesse and his son and seven German generals named on the extradition list had escaped into Holland, are discredited at the Dutch Foreign Office. That office declared it did not consider it possible for the men named to cross into Dutch territory.

## SETBACK FOR SUFFRAGISTS

Woman has been denied suffrage in Virginia. The State Senate has already frowned upon the Susan B. Anthony amendment to the constitution, and the House of Delegates yesterday, after a short time consumed in debate, concurred in the action of the upper body by a vote of 62 ayes to 22 nays. Mr. Jesse, the Delegate from Alexandria city and county, voted with the minority.

During the past fifty years or more attempts have been made to give women the privilege of the ballot. During all this time suffragette meetings have been held and tons of paper and barrels of ink consumed in the propaganda. Disgraceful scenes were being enacted in England by suffragettes about the time the late war was precipitated, while in our own capital city females anxious for suffrage, paraded the streets with banners or held outdoor meetings.

Arguments pro and con have been heard from every section, until the subject has virtually become exhausted. George Francis Train once said that women who can reign in monarchies ought to vote in republics.

Macaulay is quoted as saying that woman is swayed by lofty impulses and approaches the angels, and Prof. J. S. Blackie observes that a woman is naturally as different from a man as a flower from a tree: she has more beauty and more fragrance, but less strength; she will be fitted for the rough and thorny walk of the masculine professions when she has got a rough beard, a brazen front, and hard skin, but no sooner.

Many years ago Blackwood's Edinburgh Magazine said:

"Great indeed, is the task assigned to woman. Who can elevate its dignity? Not to make laws, not to lead armies,-not to govern enterprises; but to form those by whom laws are made, armies are led, empires are governed. To guard against the slightest taint of bodily infirmity, the frail, yet spotless creature, whose moral no less than physical being must be derived from her; to inspire those principles, to inculcate those doctrines, to animate those sentiments which generations yet unborn, and nations yet uncivilized, shall learn to bless. To soften firmness into mercy and chasten honor into refinement; to exalt generosity into virtue; by a soothing care to allay the anguish of the body and the far worse anguish of the mind; by her tenderness to disarm passion; by her purity to triumph over sense; to cheer the scholar sinking under his toil; to console the statesman for the ingratitude of a mistaken people; to be compensation for friends that are perfidious, for happiness that has passed away—such is her vocation. The couch of the tortured sufferer, the prison of the deserted friend, the cross of the rejected Saviour—these are the theatres on which her greatest triumphs have been achieved. Such is her destiny: to visit the forsaken, to attend the neglected; when monarchs abandon, when counsellors betray, when justice persecutes, when brethren and disciples flee, to remain unshaken and unchanged; and to exhibit in this lower world a type of that love, pure, constant and ineffable, which in another world we are taught to believe the test of virtue."

## EDISON AND THE 8-HOUR DAY

Thomas A. Edison, the grand old man of electricity, was 73 the other day.

Edison, on his birthday anniversary took occasion to deplore the 8 hour working day, or rather the laws and regulations which forbid a man from doing more than a certain amount of work when he is willing and anxious to do it. He is glad the eight-hour day was not invented when he was a young man. "Today," he said, "I am wondering what would have happened to me by now if fifty years ago some fluent talker had converted me to the theory of the eight-hour day and convinced me that it was not fair to my fellow workers to put forth my best efforts in my work."

He does not answer the question except by inference, but it is certain that if Edison had not been a twenty four hour a day man the world would have been infinitely poorer. The wizard of Menlo Park does not object to the theory of the eight-hour day or any other thing that protects labor from exploitation at the hands of ruthless employers, but he dislikes to see young Americans shackle their abilities by blindly conforming to rules which force the industrious man to keep in step with the shirker. Carried to their logical conclusion, these rules are likely to establish a rigid system of vocational classes which will make it difficult for the workingman to improve his condition and station in life by his own efforts. To this he adds: There ought to be some labor leader strong enough and wise enough to make trade unions a means of fitting their members for better jobs and greater responsibilities.

The Philadelphia Inquirer says: "The famous inventor here touches a phase of the labor problem that is rarely discussed. He would have the unions train the ablest and most ambitious of their members to become "bosses and employers." That is the American idea, for in this country the poor employee of today can become the rich employer of tomorrow. Edison himself is an example of what a man of brains may accomplish by untiring industry and unremitting effort."

## AMERICA AND ENGLAND

England's recent exhibition of ill feeling toward this country has been matched by numerous exhibitions of ill feeling in this country toward England. In both cases the bitterness expressed has represented the sentiment of but a fraction of the people.

The United States is going to have many an argument with Great Britain in the future. Our interests will not always coincide with hers, nor hers with ours. Each country will contend for its own interests, and ought to. But bitter talk will not help in any case.

England will not induce us to forego her war debt to us or to furnish further loans to Europe by intimating that we are a lot of conscienceless profiteers. America will not stimulate the rehabilitations of economic life in England and the rest of Europe by tartly telling them to stop whining and get back to work.

We can help them and they can help us by evidencing an honest spirit of friendliness. And this country should remember that, however irritating England may be at times, and however much we may disagree with her about Ireland and other questions, she, nevertheless, in aims and ideals and methods, is more closely allied to us than any other foreign nation.—(Baltimore Sun.

## 11,000 CASES OF INFLUENZA

Copenhagen, Feb. 13.—The influenza epidemic showed a 50 per cent increase last week, according to figures made public Wednesday. More than 11,000 cases were reported, with 200 deaths.

Rome, Feb. 13.—Schools were closed Wednesday because of the influenza epidemic. Ninety deaths were reported. Physicians said the epidemic was decreasing.

### WHISKY PROFITEERING

**Pennsylvania Officials Find Price Boosted to $5 a Pint**

Scranton, Pa., Feb. 13.—Charges that local druggists are profiteering in the sale of whisky for medicinal purposes were made Wednesday by city officials following a conference in which Mayor A. T. Connell, Dr. N. E. Newbury, Director of Public Health; F. H. Ripple, Director of Public Safety, and Mark K. Edgar, City Treasurer, participated. Director Newbury stated that complaints have been filed with the Department of Health showing that some druggists are charging as high as $5 for a pint of whisky obtained on prescriptions from physicians.

Similar charges against druggists were also made yesterday at a meeting of the Lackawanna County Medical Society, composed of physicians. The society adopted a motion to warn the public against the methods of the druggists.

With influenza prevalent here there is an unusual demand for whisky for the treatment of patients. Whisky is plentiful, but it is claimed by the city authorities that druggists are reaping a harvest by their profiteering methods. The city officials announce that they will take up with the revenue officers of the local districts all complaints registered concerning profiteering in whisky being used for medicinal purposes.

### SHOT KILLS POSTMISTRESS

Schenectady, N. Y., Feb. 13.—Mrs. John H. Snyder, postmistress at Carman, who was shot by Louis Abeson late Wednesday, died from her wounds yesterday. Abeson may live, physicians say, although the three self-inflicted bullet wounds make his condition precarious. Persons awaiting mail in the postoffice when Abeson entered and fired say he exclaimed, "I love you," just as he pulled the trigger.

### WILSON MEETS UNIONS

**Will be President's First Conference Since Illness When he Saw Senators**

Washington, Feb. 13.—Prevention of the threatened nation wide railroad strike will rest directly with President Wilson, when on the south lawn of the White House this morning he will meet the three men delegated by the railroad unions to present their demands for wage increases affecting 2,000,000 men.

### FALL INTO CREVASSE

**Drop 400 Feet—Little Hope of Their Recovery**

Berne, Switzerland, Feb. 13.—Three Alpinists, Paul Schultess, Robert Moser and Hans Pahl, all of Zurich, fell into a glacier crevasse more than four hundred feet deep while ascending the Bernia summit Wednesday. The men were joined together by a rope so that when one fell into the crevasse he dragged the others with him.

Two guides passing nearby heard the men groaning. A relief expedition has been sent out from Pontresina, but there is little hope that the men will be found alive.

### FIVE PER CENT BEER

**Vare to Introduce Bill at Next Session of Congress**

Washington, Feb. 13.—First definite declaration of an effort to amend the Volstead act, which limits the alcoholic content of beverages to one half of 1 per cent, was made in the House Wednesday by Representative Vare, Republican, of Pennsylvania, who announced that at the next session of Congress he would introduce a bill providing for sale of 5 per cent beer.

### TURN IN THE TIDE

Provincetown, Mass., Feb. 12.—Provincetown's "old timers" gasped Wednesday with surprise.

For the first time in 200 years Provincetown voted for license at the annual town meeting. The vote was 101 to 100. Some of the old-timers declared the younger voters cast a "yes" vote just for a joke, while others asserted that the vote is a rebuke to National prohibition.

Tyngsham in the western part of the state also went license for the first time, and Stockbridge, seat of the fashionable summer colony in the Berkshires, which has been a steady advocate of no license voted license 112 to 79.

## DODSON KILLING USE OF CALOMEL

**Says Drug is Mercury and Acts Like Dynamite on Your Liver**

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor an dambition.

## VIRGINIA NEWS

Richard Mahoney, aged 77 years, died Wednesday at Herndon from paralysis. He is survived by his wife, one daughter, Mrs. Arthur Middleton, of Arcola, and three sons, Edward, of Newport News; David, of Herndon, and Charles, of Alexandria, and a number of grandchildren.

Railroads of the country will not accept silk, natural or artificial, raw, spun, thrown schappe, organize or yarn, for shipment on and after February 29 next, according to an amendment to rule 3 of the Federal railway administration traffic regulations, made public in Roanoke yesterday.

Miss Kate McVicar, 76 widely known as a writer under the pen name of Nemo, died yesterday at Winchester of pneumonia. Many battles were fought around her home place during the civil war and she nursed wounded and dying Union and Confederate alike on the battlefields and in her parents' home.

The Episcopal Council of the Southern Diocese of Virginia at its session in Petersburg yesterday, elected the following officers for the ensuing year: Rev. William A. Brown, D. D., Portsmouth, secretary; W. W. Old,Jr. Norfolk, treasurer; Judge Thomas H. Willcox, Norfolk, chancellor; Rev. C. Braxton Bryan, Petersburg, histographer. The report on the nation wide campaign and all matters relating to it was referred to a newly elected executive committee with power to act. St. Andrew's Church, Norfolk, was selected as the place and the first Tuesday in January next, as the time for holding the next annual session of the council.

The Colonial State Bank, of Newport News closed its doors yesterday morning and was placed in the hands of a receiver by the state corporation commission in Richmond. The bank's trouble is due to loans which are said to be insufficiently secured. News of the trouble developed Wednesday and the bank closed yesterday, carrying a run and suffering that all the depositors be given an equal treatment. Two hundred thousand dollars in cash would have tided the institution over the trouble had it not been for fear of a run, according to other bankers. The bank is capitalized at $100,000. W. L. Powell is president and Frank Bartlett cashier. Directors declare that the depositors will lose very little if anything. Deposits at the bank totaled about $1,500,000, showing a great increase in the year just ended.

The project of constructing at Charlottesville, Albemarle county, the largest hydro-electric power plant in Virginia, with power sufficient to supply Charlottesville and many other cities in northern central Virginia, will be well underway this summer. The construction is undertaken by the engineering department of the Chesapeake and Ohio Railway at the instance of a New York firm. Richmond, Petersburg, Lynchburg, Charlottesville, Staunton, Harrisonburg, Culpeper and Fredericksburg, and most of the intervening towns are either short of power facilities or have it provided by the expensive and wasteful coal burning system. All are probable patrons of Scottsville's proposed power plant. In addition it is expected many manufacturing concerns will be led to build plants in the immediate vicinity of Scottsville, to take advantage of the cheap and dependable power.

### PREVENTS PRUSSIANIZING

Washington, Feb. 13.—Representative Tincher, Republican, Kansas, commenting in a speech in the house yesterday on the action of the Democratic caucus said Democratic representatives should be congratulated for their upright stand in throwing off the yoke of universal training, and declaring themselves in favor of the wishes of the American people."

Such action has prevented the Prussianizing of the American army of the young men of America," Tincher added.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the change. 10c, 25c and 25c a box.

### TIE CASHIER AND WIFE

**Bank Safe's Time Lock Frustrates Attempt of Lone Gunman at Nesquehoning**

Mauch Chunk, Pa., Feb. 13.—A daring attempt was made yesterday morning to rob the First National Bank of Nesquehoning, five miles from here.

Shortly after four o'clock, Cashier John Corby and his wife, who reside in the bank building, were awakened by a man in front of their bed with a flashlight in one hand and a revolver in the other. He rapidly tied the hands of both the cashier and his wife to their beds. Mrs. Corby is ill and the husband pleaded with the robber to leave her untied, whereupon the robber said, "Can't do it; safety first." He then marched them down stairs to the vault of the bank, expecting to compel the cashier to open it. Fortunately the vault has a time lock and was marked for eight o'clock.

After some parleying he marched them upstaids again. At this time neighbors began knocking at the door and the robber escaped through the window through which he had entered. Mrs. Corby, although bound, managed to strike an electric alarm leading to the residence of Richard Norwood.

Mr. Norwood at once summoned help and they went to the bank.

### NEW ENGLAND LACKS COAL

**Schools Are Closed and Many Hospitals Running Short**

Boston, Feb. 13.—An acute shortage of bituminous coal was reported in many New England cities and towns yesterday as a result of the freight tie up that followed the storm of last week. Schools and industries have been closed in some places and many hospitals and public buildings have only a few days' supply.

Hartford, Conn., Feb. 12.—Coal consigned to New England will be given priority over all other freight for 72 hours, according to an order issued by Director General of Railroads Hines, a telegram received yesterday from Representative Lonergan in Washington stated.

### THREATENED STRIKE

**President Again Called Upon to Settle Wage Question**

Detroit, Mich., Feb. 12.—Fifteen chief executives of the Brotherhood of Maintenance of Way and Railway shop laborers yesterday were sent to various sections of the country to direct the strike called for February 17, it was announced at headquarters today.

"It is up to Washington now," said A. E. Barker, grand president. "There will be no change in strike plans unless demands are granted."

Washington, Feb. 12.—President Wilson has again been called upon to settle the wage demands of the railroad brotherhoods and to banish, if possible, the spectre of a nation-wide strike that has thus far followed in the wake of the requests for additional wages.

The entire controversy was put up to the White House last night after Walker D. Hines, Director General of Railroads had finally rejected the demands of the brotherhoods and thereby ended the negotiations which he had carried on with their representatives for many weeks.

At the present time, the disposition of the brotherhood chieftains is not to talk strike, nor threaten one, but to await action of the President before deciding a final course of action.

The fruitless finish of their conferences with Director General Hines was told last night in a following carefully prepared statement by him.

### DIE IN FUMES FROM GAS JET

New York, Feb. 13.—A widow, her son and grandson, were found dead from gas in Brooklyn last night. The gas issued from a defective jet in the kitchen.

The widow, Mrs. Mary Bindrin, lived with her son, Harry, a widower, and her grandson, Harry, Jr., aged 10.

## Influenza and Week Blood

**Run Down and Listless Condition May Make You a Target For the "Flu"**

**Because Blood is Probably Thin**

**At This Time of Danger, Take Pepto-Mangan—It Builds Rich, Red Blood**

No matter how well you usually are, if temporarily you're run down, you're a target for the influenza.

Contagion always gets listless people first. Whether they realize it or not, their blood is thin and undernourished—in no condition to fight off the germs it meets everywhere.

It is a wise precaution to take a good tonic at this time of danger—some well-known builder of red, vigorous blood, like Pepto-Mangan.

And if you did not think of this in time—if you are now recovering from a fight with influenza—your blood will need help for weeks after you think the danger is past.

Take no unnecessary chances. Get Pepto-Mangan and start taking it today. Pepto-Mangan is an effective blood builder that has had the endorsement of physicians for years.

Pepto-Mangan is sold by druggists in either liquid or tablet form, just as preferred. There is no difference in medicinal value. But be sure you get the genuine Pepto-Mangan. Ask for Gude's Pepto-Mangan and be sure the name is on the package.

## How Much Does a Good Watch Cost?

THE automobile has been instrumental in teaching us to figure costs.

The purchase price—plus the upkeep—divided by the years of service—gives you the actual cost.

On that basis a good watch is the cheapest thing of value that you can own. A good watch is a necessity and will last a lifetime.

The bridegroom is expected to die momentarily.

**KILLED BY CIRCULAR SAW**

Council Bluffs, Iowa, Feb. 13.—James Madsen was instantly killed when he lost his balance and fell on a circular saw while a member of a wood sawing gang here a few days ago. Madsen's head was severed and his body cut in two length wise by the sharp teeth of the saw, Madsen, 66 years old, and a veteran wood cutter, is said to have fallen on the saw when a small stick of wood turned under his foot.

**RESENT GERMAN PILOTS**

London, Feb. 13.—The appearance of a fully equipped German pilot cutter off Dungeness within the last two days is being bitterly resented by the pilots in the English channel. An English cutter is stationed at the same place.

The first ship to use one of their pilots was a British steamer, while American, Japanese, Norweigan and Swedish steamers have taken a German pilot. This is a result of the present rate of exchange, the Germans being able to cut under the British pilots.

British pilots intend to petition the government on the matter.

**For That Cough After the "Flu"**

Lingering colds and coughs that follow the grip or influenza are difficult to overcome, but many such sufferers have found relief in Foley's Honey and Tar.

**Says It Is Worth $50.00 a Bottle**

"Wm. Barnes, San Antonio, Tex., writes: "Foley's Honey and Tar is undoubtedly the best cough remedy in the world. I know this is so because I found it to be so. Actual experience taught me. It has been worth $50.00 ah ottle to me. Early in the season I had the 'flu,' which left me weak and with a persistent cough. The cough hung on and I became much worried about it. Someone advised me to try Foley's Honey and Tar and I began taking it that night. I have now completely recovered and do not cough at all."

### SHOOTS CRAZED NEGRO

**Maryland Physician Attacked and Throttled in His Home**

Cumberland, Md., Feb. 13.—The condition of Theodore Williams, 40 years old, the colored hod Carrier who was shot by Dr. Herbert V. Deming physician, North Center street, after the negro had invaded the Deming home early Wednesday morning, was reported critical at the Allegany Hospital yesterday. It is thought the exertions of the negro after being wounded have lessened his chances of recovery.

With two punctures in the stomach and two in the abdomen, Williams rushed from the Deming home, to return later. When chased away the second time he sought the home of Frederick Hering, on another street, and broke the front door by force. He was smashing dishes and furniture when arrested by Assistant Chief of Police J. Peter Minnicks and Patrolman John J. Trieber.

On January 7 the negro was committed to jail for observation on a lunacy charge. Dr. Deming was one of the examining physicians. Later the negro was released at the request of his sister, who said she would care for him.

### FARMERS JOIN LABOR

**Organization of Both Meet in Chicago To Work Out Details of Scheme**

Chicago, Feb. 13.—Representatives of labor and farm organizations from all parts of the United States are gathered here for opening yesterday of what may prove to be a conference of far-reaching consequences on the political and economic life of the country.

It is the formal launching, so to speak, of the All-American Farmer-Labor Co-operative Congress. The purpose, in brief, is to effect a working arrangement under which farmers and working men can come together in a gigantic scheme of co-operative buying and selling, and thereby cut the Gordian knot of the high cost of living by bringing the two classes into direct contact in the chartering of foodstuffs on the one hand and manufactured products on the other.

### SHOT DAUGHTER, IS CHARGE

Pineville, W. Va., Feb. 13.—Miss Mary Brabury is in a serious condition at the Welch Hospital. It is alleged she was shot by her father. According to officials, the father, Andrew Bradbury, who lives in Elk Lick, objected to his daughter attending school and was trying to whip her with a cane. She resisted and removed the cane from his hands. This enraged the father, who shot the girl in the abdomen, according to officials.

### "NO BEER, NO WORK," IS CRY

**Shortage in Ranks of Snow Diggers Explained by Signs Stuck in Drifts**

New York, Feb. 13.—The difficulty the city has had in obtaining men to clear the streets of snow was given a new explanation Wednesday when numerous signs were stuck in the snow banks throughout the city carrying such inscriptions as: "No Beer, No Work" and "Let the Prohibitionists Shovel the Snow."

For the first time in nearly a week surface cars appeared Wednesday in lower Broadway and other parts of the city, but they carried no passengers.

They were work cars sent out to dig ice off the tracks and were followed by hundreds of unfurnished motormen and conductors armed with picks, shovels and scrapers. When service will be resumed remains problematical.

## Breaks a Cold in a Few Hours

**"Pape's Cold Compound" Instantly Relieves Stuffiness and Distress**

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and cost only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

## Loosen Up a Tight, Sore Chest With Mother's Joy Salve

When a cold gets down into the throat and chest, causing soreness, hoarseness, or croupy symptoms, it is time to take quick steps to prevent pneumonia, or other serious results. A reliable and harmless remedy for such troubles is

**MOTHER'S JOY Croup and Pneumonia SALVE**

You apply it externally, and rub it in. There is no irritation to the tenderest skin, but it quickly penetrates to the seat of the trouble, and relieves the congestion like magic.

Mother's Joy Salve should be kept on hand for an emergency. It will surprise you how quickly it will break a croupy cough, or relieve soreness in the chest.

Doctors recommend it; good dealers sell it.
